This includes all classes, laboratory sessions, clinical rotation commitments, and sports medicine experiences that are part of these courses. Within these classes we cover the core athletic training knowledge competencies and clinical proficiencies and thus need to be sure that students are in attendance when all material is covered. If you are unable to attend a class due to an approved reason (i.e. family emergency, illness, travel with athletic team, etc.) please dialogue with the professor prior to the missed class (if possible) or as soon after as possible regarding material that will be (or was) missed. When a class will be missed you need to seek the permission of the Director of Athletic Training Education prior to the missed class (if possible) or as soon after as possible. This can be done via phone, e-mail, or in person.

Penalties for not following the policy (please note these are cumulative during time in Athletic Training Education Program, not just for that individual class):

- A) First infraction- warning by Program Director
- B) Second infraction- meeting with Program Director and make-up assignment regarding material that was covered in missed class
- C) Third infraction- Note in files plus the same for second infraction
- D) Fourth infraction- 2nd level penalty in "Program Discipline Policy"
- E) Fifth infraction- 3<sup>rd</sup> level penalty in "Program Discipline Policy"
